Department of English
Session 2022-23
Slow and Advance Learners Report

The department of English takes various steps for Slow and Advance Learners. The slow learners are identified during daily lectures in the class. Such students are enrolled for remedial sessions which are held in the afternoon after regular classes. Students from far of villages, those who are not able to come daily in regular lectures are also benefited by these sessions. During remedial sessions read aloud practice is taken, students are provided easy notes, more grammar practice exercises are given to them, class is divided in groups for seminar and group discussion on lessons and learning is done in play-way method. Keywords of the lesson are explained in easy manner and students speak aloud these words in groups which are formed during the class.

Advance Learners are guided to write articles for magazine. They are also guided to present topics through PowerPoint, they are encouraged for creative writing and they also arrange Quiz during competition. They are members of student forum and help the teachers in arranging activities.

The department of English gives appreciation cards to both slow and advance learners for active participation for good use of English language.
