

About Rational Thinking Cell :

New Education Policy – 2020 has given emphasis on critical & rational thinking. Artificial intelligence and various technological inventions are taking place in today's scenario. Accordingly, our institute is ready to inculcate the value of innovation and creativity among various stakeholders of society so as to give contribution in community development. Hence, Rational Thinking Cell will definitely create the ability to think with reason & take rational decisions in their practical life.

The Aims & Objectives of Cell :

- To do various extension activities to create awareness in society.
- To motivate the faculties and students to think rationally.
- To make various stakeholders to recognize their cognitive abilities & skills.
- To encourage stakeholders of society to know the facts and reasons of various events.
- To inculcate rational thoughts, ideas, views and opinion among stakeholders.

Outcome ..

Various stakeholders will be able to know their logical, critical & rational thinking level and accordingly will be ready to apply it.
