INTRODUCTION

Bharatiya Seva Sadan, Akola which runs this college was founded in 1942 with the inspiration of Mahatma Gandhi, by Late Mataji Smt. Radhadevijji Goenka, a renowned social worker, staunch follower of Mahatma Gandhi and freedom fighter. The idea took root as a consequence on her resentment for prevalent education system in the British rule. Her idea could materialize with generous allocation of 23 acres of the land from Late Shri Ravishankarji Shukla, the Chief Minister of C.P. and Berar. ₹. 2,00,000 were donated by Late Samaritan Seth Shri. Kisanlalji Goenka. With this National and Historical background in the beginning, the Society started a Pre-primary School in a rented room with 7 students from the Goenka Family. In the spirit of nationalism students used to recite Vande Matram as their daily prayer.

Women College was founded in 1965 and it was the only Women College in the Western Vidarbha Region. Initially College was started with Arts Stream, Home Science Faculty was introduced in 1978 and Commerce was introduced in 1983. Today we are having 3000 + students admitted in the college right from Jr. College to Post Graduate Level.

A WORD OF ADVICE TO OUR STUDENTS

Dear Students,

It is my great pleasure to welcome you to RDG College for Women. The college is unique within the landscape of Vidarbha region of Maharashtra State because it is exclusively the first women college providing education from PG to PG under one campus. What you see in these pages provides only the snapshot and trailer of incredible and excellent work carried out at this college. The college is privileged to have well qualified & experienced staff & administration dedicated to academic excellence, diversity, integrity, community services, social engagement, student success & the environment that foster RDG Culture, critical thinking & self-determination and with the vision of

“EMPOWERMENT OF WOMEN THROUGH ECONOMIC INDEPENDENCE FOR BETTERMENT OF SOCIETY ”

We would be delighted to host you for a campus visit to see for yourself the good work of RDG College community, where students thrive & progress towards the realization of their full potential in every field. We provide quality education to the students and take their every possible care.

I am pleased & proud to have the opportunity to lead this institution with earnest cooperation of my colleagues, Principal and all the teaching and non-teaching staff.

Education enables one to differentiate between the good & the bad. We at Bharatiya Seva Sadan believe that “If you make a mind educated automatically all the evils of the society will be taken care of.”

Our Moto is “Quality Education at Affordable Cost.”

Our endeavor is to create a world class educational facility where lives are shaped as per today's needs, where you learn to meet the challenges of tomorrow.

Being a social organization it is our mission to not only fulfill the educational needs of the population but also contribute towards its upliftment from all social entrapments.

With best wishes

Yours Sincerely,

Dilipraj Goenka
President
Bharatiya Seva Sadan, Akola.

Remember you are laying the foundation of your career and shaping your personality by what you think, speak and behave in the college.

You Should cultivate such habits which will keep you physically fit and mentally alert. Be honest, upright and straight forward in all your dealings.

Have respect for all your class-mates and other college students. Be respectful to all students in your class

treating them as your sister.

Study regularly, earnestly right from the very beginning of the session. Study yourself, consult your lecturers for solving difficulties in study if you have any. Try to avoid tuitions or coaching classes.

Note down as much of what your teacher writes on the board. While studying at home do enough writing work as writing makes your ideas clear and prepares you to take examination with confidence. Try to complete your practical record book in the class itself as far as possible.

Pay full attention to what the lecturer delivers in the class, study all the topics given in the syllabus and avoid selective study as this leads to frustration in the examination. See if you can write answers to questions asked in the examination. Try to solve at least three years “University Examination Papers”. Don’t depend upon keys or notes.

Do the home assignments regularly, seriously and independently and take monthly test examinations seriously, so that your success in the University Examination is guaranteed.

Attend all college functions and take part in games and extra curricular activities arranged for you, specially 15th August, 26th January and Pujaya Mataji’s Birthday and College Foundation Day, i.e Annual Functions.

Seek every opportunity to render social service and develop your personality and brighten up names of your family and college. Always remember your college has a special and honorable place in society and you belong to RDG Culture hence never let it down.

NEW DEVELOPMENTAL ACTIVITIES

ACADEMIC STANDARD

Our academic standard is already quite high. Now we are ensuring regular periods, attendance, internal exams, special tutorials, as required. This will ensure better results and more meritorious students. We will be taking advantage of latest academic tools like audio visual aids, educational CD's, Movies, Guest - Lectures and Power Point Presentation, Seminars, Workshops, etc.

LIBRARY FACILITIES

We already have a well stocked library containing more than 35000 books, Journals & Periodicals, fully trained staff to assist the students / teachers for their requirements. Now we have fully computerised the entire library so that all books / journals etc. are properly cataloged to make them easily accessible and smooth process of issue & return. Enough reading room space being provided for self study, reference etc., for students & staff. All current topics, competitive exams journal, periodicals, news paper / magazines of interest, self improvement books etc., apart from the regular course material will be made available. Target-to make the library the best in the region and a one stop reference point. Computerised OPAC (Online Public Access Catalogue) facility is available for Students to search books online using different criteria.

COMPUTER LITERACY

Computers have become an integral part of employment and even personal lives. To provide computer literacy to all students a special programme has been devised. A state of the art fully equipped computer lab with 60 + computer and wi-fi internet facility with 10 MBPS speed is available.

AESTHETIC ENVIRONMENT

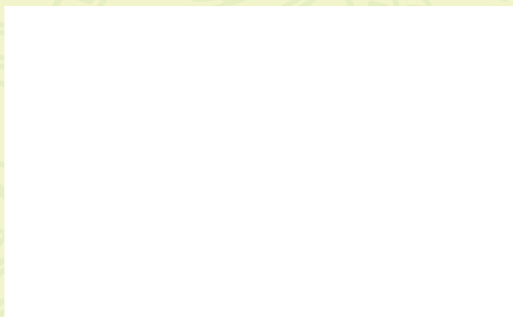

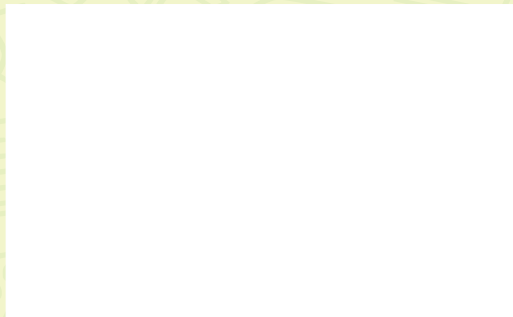

We have a beautiful garden by professional landscaping and a smart elevation of the college building. The entire premises is maintained with neatness and cleanliness to provide an enriching atmosphere to properly pursue academics and personality developments. Involvement of students and staff for their learning is encouraged.

HYGIENIC CANTEN FACILITY

A proper hygienic canteen facility for the students providing fresh and pure eatables at concessional rates and aesthetic sitting arrangements are being provided.

HOSTEL ACCOMMODATION

We already have a very safe, hygienic and well maintained hostel for girls in the college premises. Now we have a fully equipped state - of - the - art new hostel providing the girl students a safe, pure, hygienic and aesthetic environment to stay along with a fully equipped kitchen so that they can have a Home - away - from - Home.

NEW DEVELOPMENTAL ACTIVITIES

SPORTS / OTHER EXTRA CURRICULAR ACTIVITIES

A lot of sports and games, indoor, outdoor and other extra curricular and cultural activities like debates, elocution, dramatics, singing and dancing on competitive scales are being taken. A benefit of students sports club is also planned. This will help in overall personality development of the students.

ADMINISTRATION

The entire administration process is fully computerised for efficient and speedy execution of the work process of admissions and other office related work. Targeted students should not have to wait for any of their work and speedy and perfect statutory reporting and bringing in total transparency.

NEW COURSES

We believe that the society as a whole can only progress in the real manner if the mother, the wife or the daughter of the house is empowered. We want to create economic freedom for the women who are nearly 47% of the total population but are hardly 5% of the working or earning in numbers. We have many career oriented new courses which will help in generating employment. We are making available to residents of Akola and nearby places the best courses after completing which the students will create for themselves suitable employments which will enrich their and

their family's entire lives.

PLACEMENT CELL

A full-fledge placement cell is in place organizing campus placements. This will create employment opportunities for the students. We will give special training to students who seek employment and bring in big and reputed corporate and other employers to the students to avail the best employment opportunities up to their liking and aptitude. Later on this will be expanded and developed to include all other institutions also to make available a common platform.

ALUMNI ASSOCIATION

Since 1965 more than 50,000 students have graduated from our institution. We have formed an association of them for the students. A directory will be published with names, address and positions. The alumni association have their own cultural and other programmes. This will immensely help and motivate the current students.

EDUCATIONAL INFRASTRUCTURE

We are targeting to create an educational campus of international standards, straight from Playgroup to Post Graduation, which will provide all facilities of education and personality development and which will bring Akola in the center of educational map of India like Pune. We are sure with the co-operation of all concerned we will achieve this in the future.
