REPORT

Bharatiya Seva Sadan's
Smt. Radhadevi Goenka College for Women, Akola
Institution's Innovation Council
Report on
Student Innovation Challenge competition guidance program

At Smt. Radhadevi Goenka Women's College, a lecture on the Student Innovation Challenge was organized in collaboration with the Institutions Innovation Council, Maharashtra State Innovation Society, Akola Skill Development, and Employment and Entrepreneurship Guidance Department. This event was held under the guidance of President, Dilipraj Goenka, and Principal, Dr. Charushila Rumale.

Dr. Charushila Rumale, the Principal, extended her warm wishes and addressed the audience. Keynote speakers Rigved Ainapure (Mahatma Gandhi National Fellow) and Sunita Gole (District Skill Development Coordinator, Akola) were present to share their insights. They emphasized that while the government may not be able to provide jobs for every youth, it has opened up avenues for students to become job providers through skill development, aligning with the central government's vision.

A significant turnout of senior college students from various branches participated in the program, actively engaging in a question and answer format to address their queries. The event was skillfully conducted by Ku. Nivita Maurya, while Dr. Rupa Gupta, the Coordinator of Institutions Innovation Council, dedicated substantial efforts to ensure the event's success. A total of 219 students and 10 faculty members were in attendance.

Report on
Student Innovation Challenge competition guidance program

At Smt. Radhadevi Goenka Women's College, a lecture on the Student Innovation Challenge was organized in collaboration with the Institutions Innovation Council, Maharashtra State Innovation Society, Akola Skill Development, and Employment and Entrepreneurship Guidance Department. This event was held under the guidance of President, Dilipraj Goenka, and Principal, Dr. Charushila Rumale.

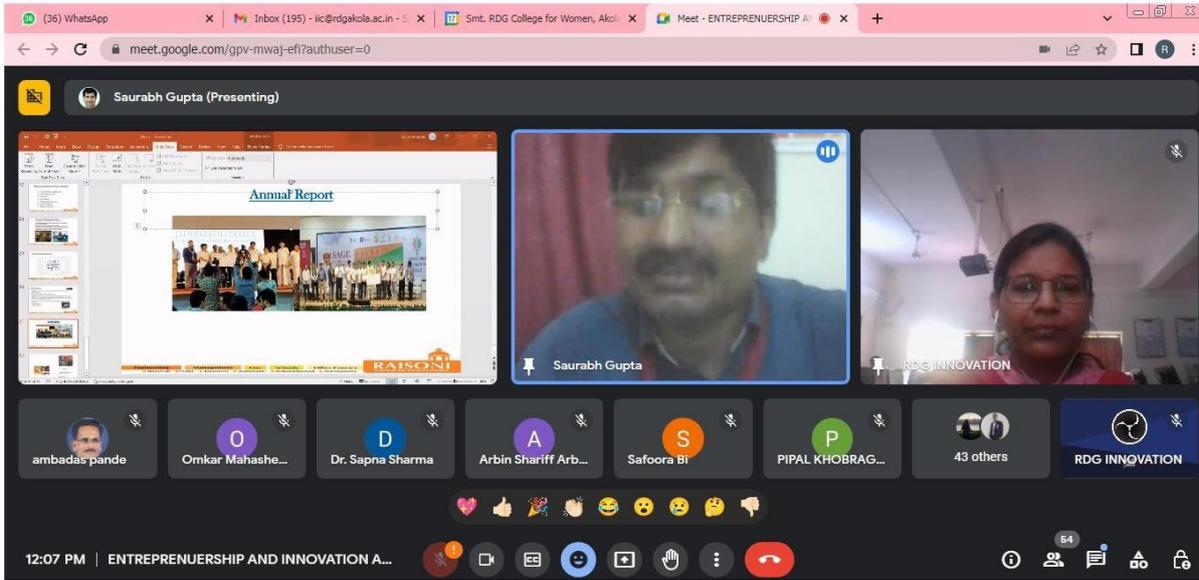

Dr. Charushila Rumale, the Principal, extended her warm wishes and addressed the audience. Keynote speakers Rigved Ainapure (Mahatma Gandhi National Fellow) and Sunita Gole (District Skill Development Coordinator, Akola) were present to share their insights. They emphasized that while the government may not be able to provide jobs for every youth, it has opened up avenues for students to become job providers through skill development, aligning with the central government's vision.

A significant turnout of senior college students from various branches participated in the program, actively engaging in a question and answer format to address their queries. The event was skillfully conducted by Ku. Nivita Maurya, while Dr. Rupa Gupta, the Coordinator of Institutions Innovation Council, dedicated substantial efforts to ensure the event's success. A total of 219 students and 10 faculty members were in attendance.

Intra Institutional Innovation Competition**

On December 14, 2023, the Institution's Innovation Council, Avishkar Cell, and Research Committee collaboratively hosted an Intra Institutional Innovation Competition, guided by Principal Dr. Charushila Rumale. The primary goal behind this initiative was to inspire and encourage student innovation by providing a platform for them to present their creative ideas. Five students showcased their innovative concepts through presentations, aiming to steer these ideas toward practical directions. Following their presentations, certificates of recognition were awarded to the top three participants based on the merit of their ideas.

Principal Dr. Charushila Rumale and Dr. Sanjay Vite, IQAC Coordinator served as the esteemed jury members, evaluating and acknowledging the innovative ideas presented by the students. The event was skillfully conducted by Dr. Nitin Chaudhary, ensuring its smooth execution.

Dr. Rupa Gupta, the IIC Convener, expressed gratitude by extending a warm vote of thanks, appreciating the valuable contributions made by the students and acknowledging their insightful ideas.

The event garnered an enthusiastic audience, with active participation from 53 students and 13 teaching staff members, fostering an atmosphere of creativity and innovation.

This competition aimed to nurture a culture of innovation within the institution, encouraging students to think creatively and providing them with a platform to present their ideas. It sought to recognize and honour the innovative spirit among students while fostering an environment that encourages exploration, experimentation, and the implementation of novel ideas.

**Report on
Innovation & Entrepreneurship Outreach Program in Community**

On February 22nd, 2024, the collaborative efforts of the Institution's Innovation Council (IIC) and the Department of Home Economics culminated in a **practical session on Innovation & Entrepreneurship Outreach Program in Community**. Hosted at the Department of Floriculture and Landscape Architecture, Dr. Panjabrao Deshmukh Krishi Vidhyapeeth, Akola, the event aimed to instill entrepreneurial spirit and foster innovative thinking among faculty members and students. Under the able guidance of Dr. Manisha Deshmukh, who served as the esteemed resource person, participants were enlightened on the nuances of entrepreneurship and innovation within the realm of community engagement.

The session centered on providing practical insights into the integration of innovation and entrepreneurship within community initiatives. Dr. Manisha Deshmukh, leveraging her expertise in the field, meticulously guided attendees through the process of identifying opportunities, developing innovative solutions, and effectively implementing entrepreneurial ventures within the community.

The Department of Floriculture and Landscape Architecture served as an apt setting for the practical demonstrations conducted during the session. Faculty members showcased various facets of entrepreneurship, ranging from the cultivation of diverse flora such as roses and Goldmary to the production of value-added products like rose drinks. Additionally, participants were acquainted with innovative ventures involving vegetable cultivation, including carrots and beetroot, and the preparation of shrabat from these resources.

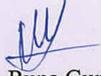

A noteworthy aspect of the session was the involvement of self-help group women, who exemplified entrepreneurial success through their showcased businesses. Their first-hand demonstrations not only provided valuable insights into practical business operations but also served as a source of inspiration for aspiring entrepreneurs among the student community. Through their stories and achievements, the self-help group women motivated students to leverage their creativity and entrepreneurial drive to embark on similar endeavours.

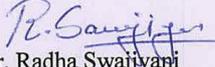

The session witnessed active participation from 40 students and 3 faculty members, who seized the opportunity to glean valuable insights and practical knowledge from the event. By

immersing themselves in the experiential learning environment facilitated by Dr. Manisha Deshmukh and the departmental faculty, participants gained a deeper understanding of the symbiotic relationship between innovation, entrepreneurship, and community engagement.

The successful execution of the Innovation & Entrepreneurship Outreach Program in Community was made possible through the concerted efforts of Dr. Radha Sawjiyani, faculty of Home Economics, and Dr. Rupa Gupta, the Convener of the IIC. Their unwavering dedication and meticulous planning ensured a seamless and enriching experience for all involved.

The practical session served as a testament to the transformative power of innovation and entrepreneurship in community development. Through collaborative initiatives and experiential learning opportunities, participants were empowered to harness their creativity and entrepreneurial spirit to effect positive change within their communities, thereby embodying the ethos of innovation-driven entrepreneurship advocated by Dr. Manisha Deshmukh and the organizing committee.

On April 2nd, 2024, the Institution's Innovation Council of Smt. Radhadevi Goenka College for Women, Akola (Maharashtra), successfully hosted the Impact Lecture Sessions, sponsored by MoE's Innovation Cell (MIC), AICTE, New Delhi. Under the esteemed guidance of Honorable President Mr. Diliprajji Goenka, and with introductory remarks from Honorable Principal Dr. Charushila Rumale, the session featured two enlightening lectures aimed at fostering knowledge and awareness.

Objectives of Impact Lecture:

- To educate participants on the identification of intellectual property in the early stages of innovation.
- To foster understanding and engagement with startup and women entrepreneurship in the context of R & D and innovation.

Lecture I: How to Identify Intellectual Property at the Early Stage of Innovation?

Resource Person: Prof. Piyush Dalke - Coordinator IP Cell – SGIARC TBI Foundation, Shegaon

Theme: R & D and Innovation

During the first session, Prof. Piyush Dalke illuminated the audience with invaluable insights into the identification of intellectual property during the nascent stages of innovation. With a wealth of expertise as the Coordinator of the IP Cell at SGIARC TBI Foundation, Shegaon, he delved deep into the intricacies of this critical aspect of innovation. Prof. Dalke not only elucidated the importance but also elucidated on various strategies and considerations crucial for recognizing and safeguarding intellectual assets. Throughout his presentation, Prof. Dalke skillfully employed various live examples to elucidate different types of intellectual property such as copyright, trade secrets, patents, and designs. Through these examples, he provided tangible illustrations of how

innovative ideas can be protected and commercialized effectively. For instance, he might have illustrated how a unique software algorithm can be protected under copyright law, while a novel manufacturing process can be safeguarded as a trade secret. By highlighting these key strategies and considerations, Prof. Dalke significantly enhanced the participants' understanding of intellectual property, equipping them with practical knowledge essential for navigating the innovation landscape. Through the utilization of real-world examples, he brought abstract concepts to life, empowering participants to recognize, protect, and leverage their intellectual assets effectively in their innovative endeavors.

Lecture II: Startup and Women Entrepreneurship

Resource Person: CA Pranay Bafna - Speaker-IIT Madras & ICAI, Founder-Zro Tax (IT Return Bharo) Startup

Theme: R & D and Innovation

During the session, CA Pranay Bafna provided a comprehensive exploration of startup and women entrepreneurship, offering insights into the opportunities and challenges inherent in these domains. Drawing upon his rich experiences as a speaker at IIT Madras and as the founder of Zro Tax (IT Return Bharo) Startup, he served as a beacon of inspiration for participants, encouraging them to embark on entrepreneurial journeys. Utilizing a plethora of examples from the startup world, CA Pranay Bafna elucidated various pathways through which individuals can generate innovative ideas and transform them into successful ventures. He exemplified how startups founded by women entrepreneurs have made significant strides in diverse sectors, ranging from technology to healthcare to fashion. For instance, he might have highlighted the success story of Nykaa, founded by Falguni Nayar, which has revolutionized the beauty and cosmetics industry in India.

Moreover, CA Pranay Bafna underscored the importance of leveraging professional networking platforms such as LinkedIn to establish a strong online presence and network with industry professionals. He motivated students to harness the power of LinkedIn as a tool for personal branding and professional growth, emphasizing its significance in today's competitive business landscape. By providing practical guidance and showcasing real-world examples, CA Pranay Bafna empowered participants to explore entrepreneurial ventures with confidence and resilience. His insights not only shed light on the immense opportunities available in the startup

ecosystem but also highlighted the invaluable contributions of women entrepreneurs in driving innovation and economic growth. Through his engaging presentation, CA Pranay Bafna ignited a spark of entrepreneurship within the audience, inspiring them to pursue their entrepreneurial dreams and create meaningful impact in society.

Outcome: The session successfully engaged 18 Faculty Members and 180 Students, equipping them with valuable insights and practical knowledge in the domains of intellectual property identification and entrepreneurship.

The Institution's Innovation Council successfully hosted a webinar on "Angel Investment and VC Funding Opportunities for Early-Stage Entrepreneurs" on May 27, 2024. This event aimed to provide valuable insights into lean start-up methodologies and the concept of minimum viable products (MVPs) to aspiring entrepreneurs and innovators within the institution. Under the esteemed guidance of our Honorable Principal, Dr. Charushila Rumale, the webinar served as an enriching platform for knowledge exchange and mentorship.

Dr. Anuj Kumar Goyal, Professor at Chandigarh University, India, was the invited resource person. He elucidated the concepts of entrepreneurship, angel investment, and venture capital, providing various examples from the Indian context and comparing these two funding options.

The webinar garnered significant interest from the student community, **with 38 and 18 students actively participating in the enriching discussions.** Dr. Rupa Gupta, the Convener of the Institution's Innovation Council, played a pivotal role in orchestrating the event. Her meticulous planning, coordination, and attention to detail were instrumental in delivering a seamless experience for both speakers and participants.
