Report

Smt. Radhadevi Goenka College for Women, Akola Psychological Counseling Report A.Y.2023-24

The College has established a Counseling Centre to address a range of student issues including academic, personal, familial, societal, and workplace challenges. The objective of the center is to provide tailored solutions to students' problems. During this academic session, a one-hour slot every Friday from 12:00 p.m. to 1:00 p.m. in the Management Chamber was reserved for counseling, with awareness created through displayed flexes on campus. Students approached the center by filling out registration forms, initiating the counseling process.

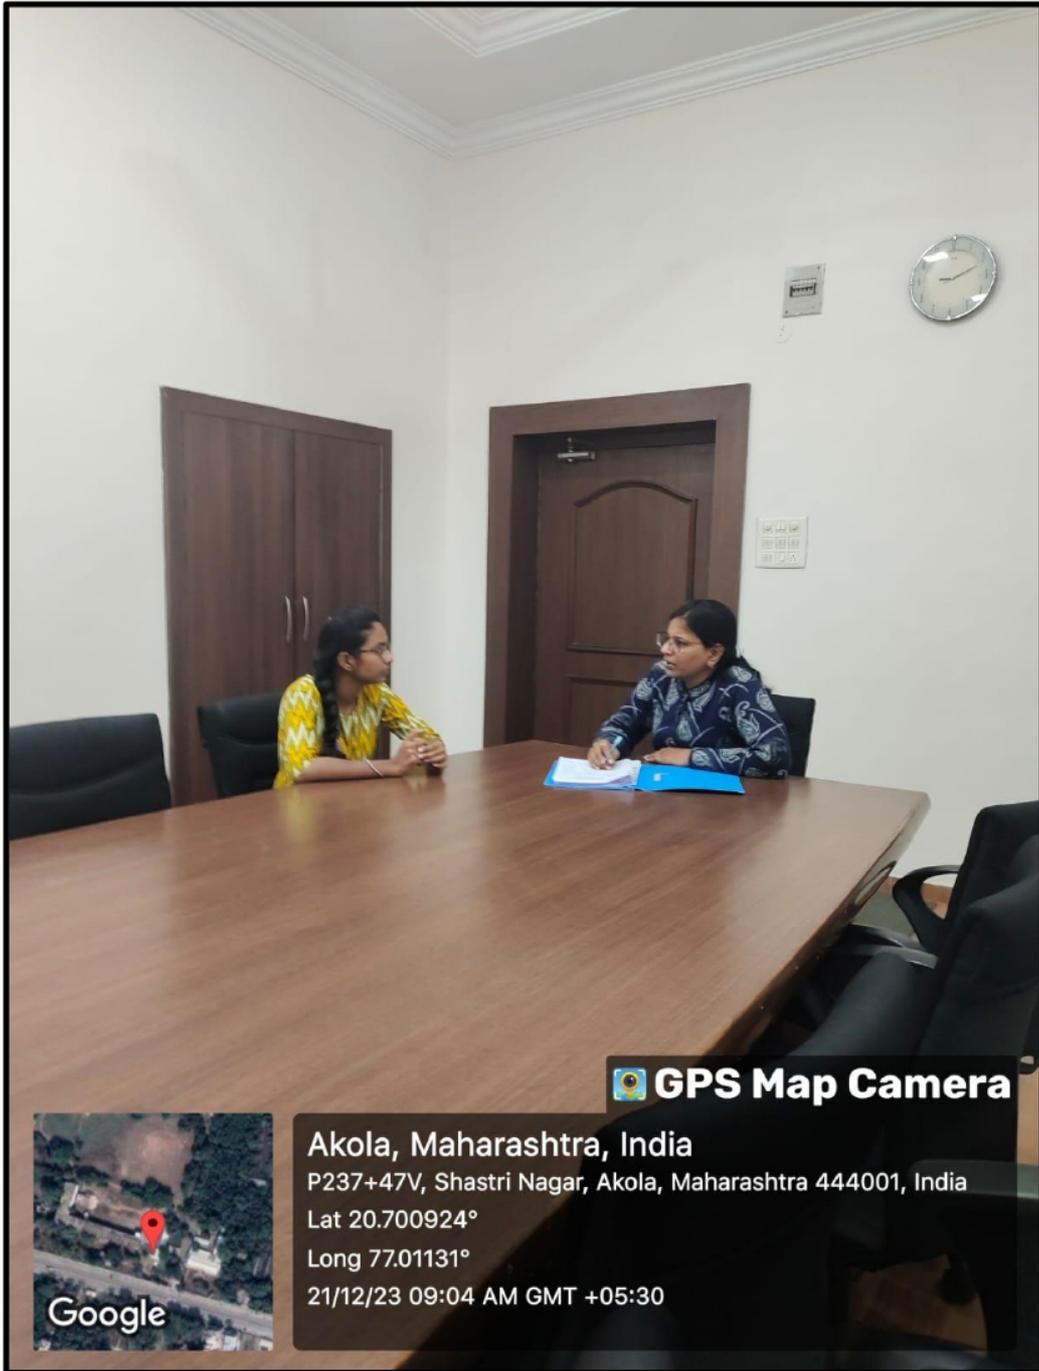

During counseling sessions, various issues such as career dilemmas, nervousness, anxiety, aggressiveness, exam phobia, self-image, identity, and impulsiveness were observed among counselees. After identifying these problems, counselors analyzed the issues and called the counselees for further discussion. It was noted that students often hesitated to share their problems openly; therefore, counselors employed various techniques to encourage disclosure. **Ten (10) students** were counseled at the center during this academic year.

Each counselee received at least two sessions, during which they were given tasks such as breathing exercises, improving communication skills, and engaging in light physical activities based on the analysis sheet. Positive changes in students' attitudes and mindsets were observed following counseling sessions. The counselor maintains ongoing contact with the students who received counseling.
