Clarification regarding Slow/ Advanced Learners 2020-21

Due to pandemic Covid-19, students were not allowed physically in classroom. Hence, various online platforms of teaching and learning process were adopted to meet the educational needs of the students. However, online platforms have their own limitations and drawbacks. Hence, various faculties faced numerous difficulties regarding proper assessment of students. Due to all these reasons, we were unable to differentiate students into Slow and Advanced Learners.

Clarification regarding Slow/ Advanced Learners 2020-21

Due to pandemic Covid-19, students were not allowed physically in classroom. Hence, various online platforms of teaching and learning process were adopted to meet the educational needs of the students. However, online platforms have their own limitations and drawbacks. Hence, various faculties faced numerous difficulties regarding proper assessment of students. Due to all these reasons, we were unable to differentiate students into Slow and Advanced Learners.

Clarification regarding Slow/ Advanced Learners 2020-21

Due to pandemic Covid-19, students were not allowed physically in classroom. Hence, various online platforms of teaching and learning process were adopted to meet the educational needs of the students. However, online platforms have their own limitations and drawbacks. Hence, various faculties faced numerous difficulties regarding proper assessment of students. Due to all these reasons, we were unable to differentiate students into Slow and Advanced Learners.
